Mr. Steve Duncan  
Southwest General Contractors  
811 West 8<sup>th</sup>  
Amarillo, TX 79101

Dear Steve,

I want to take this opportunity to thank you and Southwest General Contractors for another impressive construction project. We could not be happier with the remodel of our building into a Science facility at Hereford High School. As usual, you have worked wonders to not only complete the original project on time but also the addition of the Physics labs. From the comments that I have received, it is evident that everyone, teachers, students, and administrators are excited about the renovations.

We are planning to have our Board tour the new facility at the next regularly scheduled meeting. I know they will be as impressed with the transformation as everyone else. As always, the door is always open if you would like to have other potential customers come to Hereford to see first hand the outstanding work that they can expect from Southwest General Contractors.

Let me know if there is anything that I can do for you.

Sincerely

A handwritten signature in black ink that reads "Terry Russell". The signature is written in a cursive, flowing style.

Terry Russell, Assistant Superintendent  
Hereford ISD
